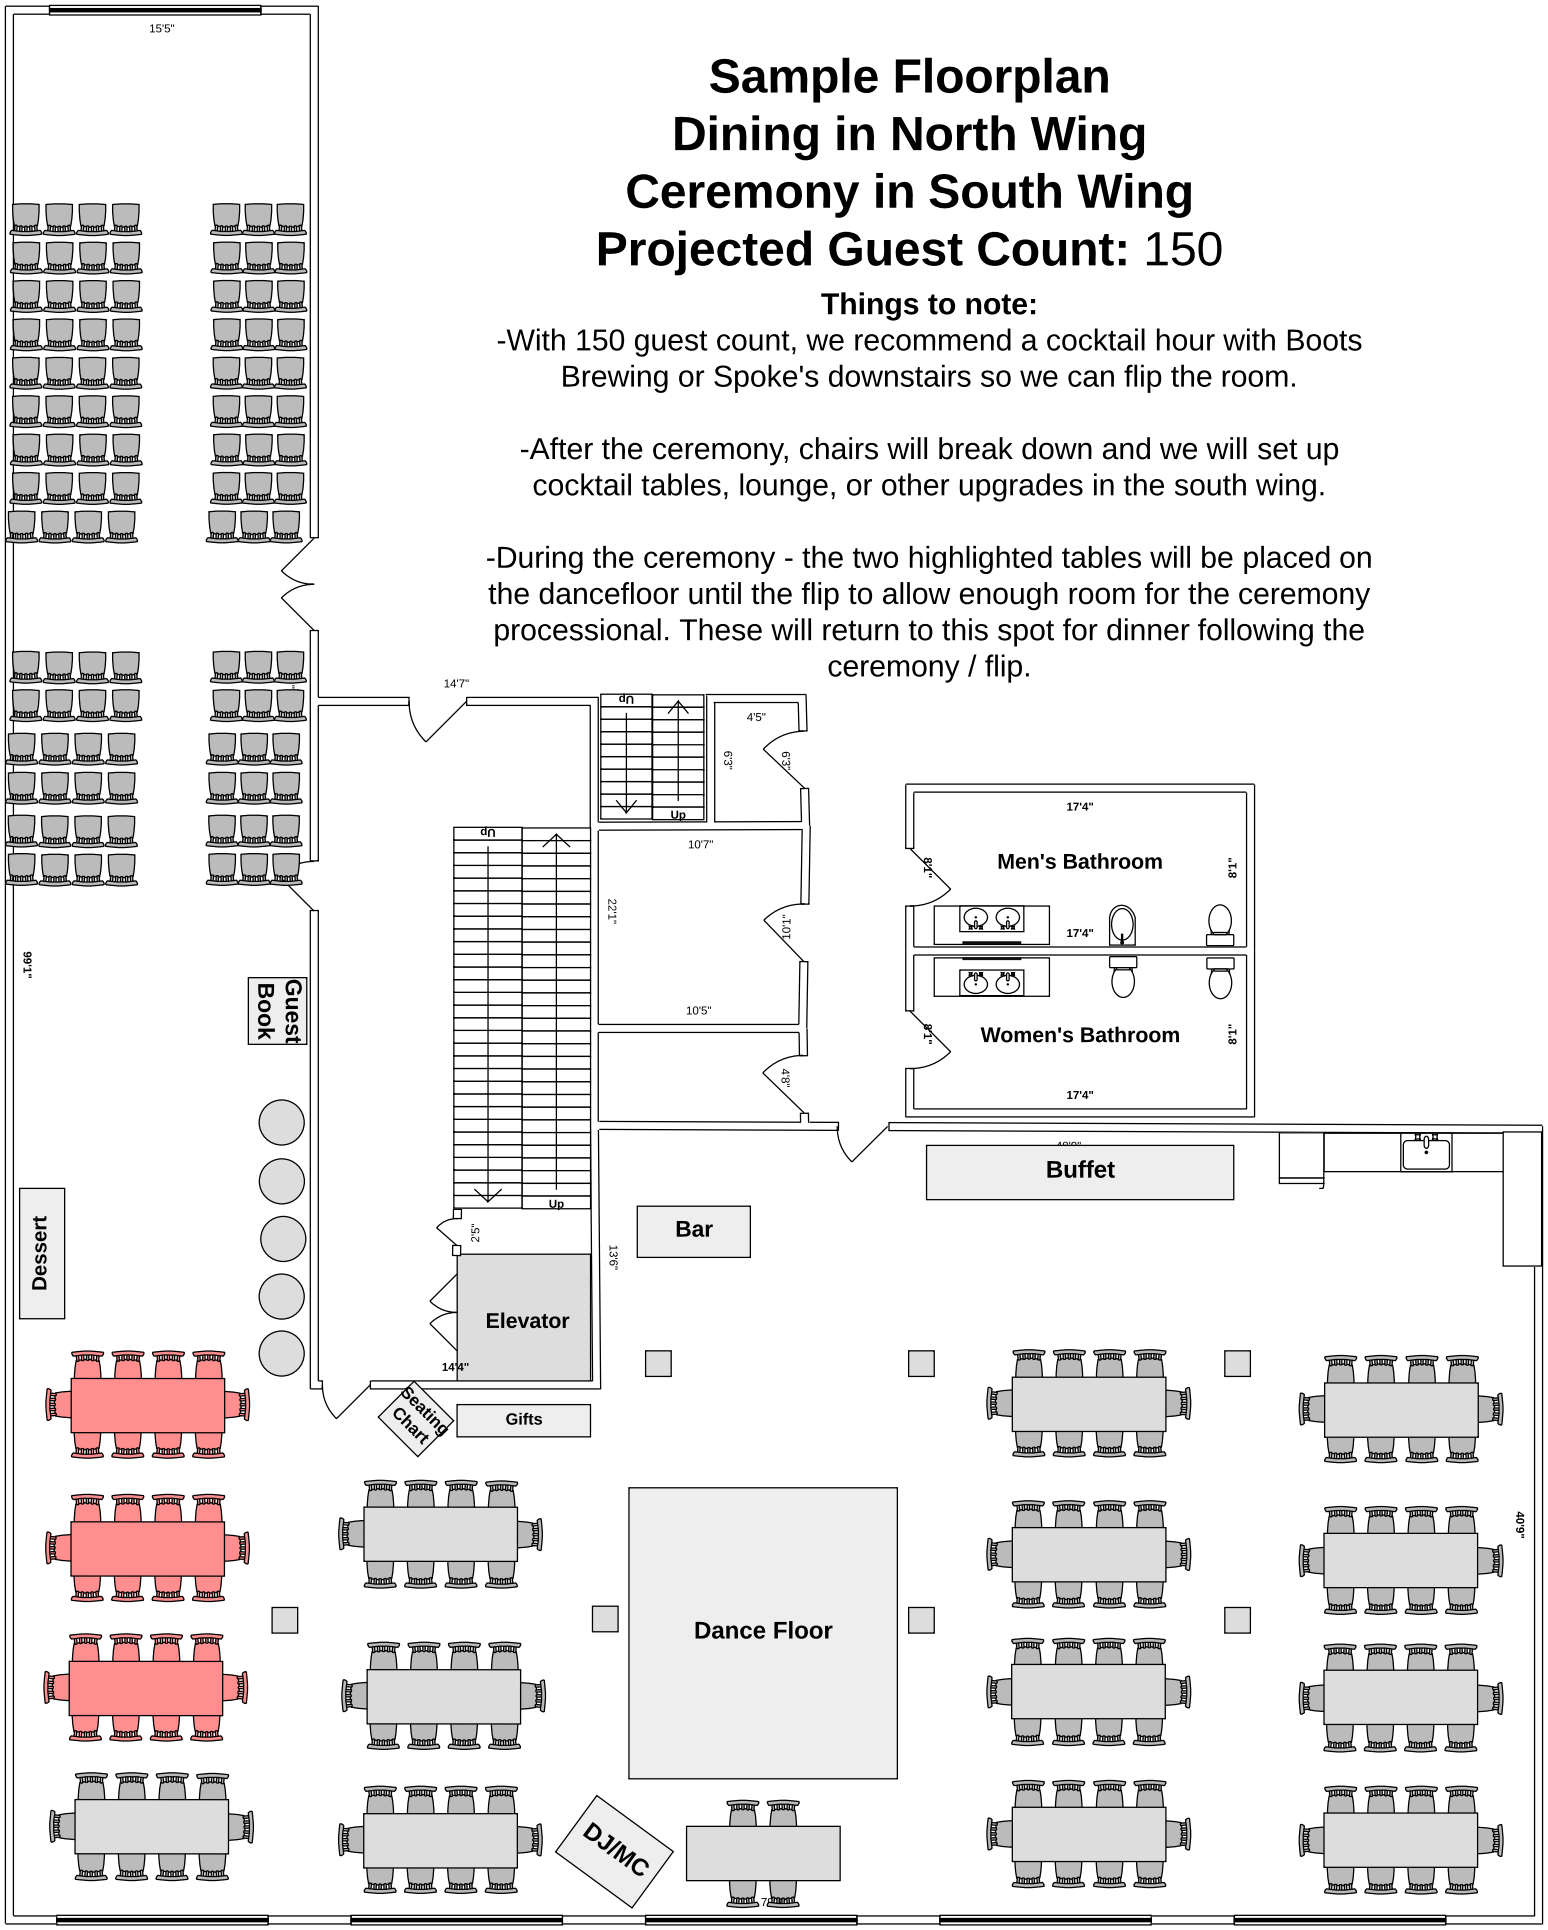
Sample Floorplan
Dining in North Wing
Ceremony in South Wing
Projected Guest Count: 150

Things to note:

-With 150 guest count, we recommend a cocktail hour with Boots Brewing or Spoke's downstairs so we can flip the room.

-After the ceremony, chairs will break down and we will set up cocktail tables, lounge, or other upgrades in the south wing.


-During the ceremony - the two highlighted tables will be placed on the dancefloor until the flip to allow enough room for the ceremony processional. These will return to this spot for dinner following the ceremony / flip.
